

Steve Levine **Writer Director**

As an experienced independent record producer and composer for over 25 years, known for always embracing the latest technology, I believe I have been able to offer some valuable insights to both the MCPS and the Joint MCPS/PRS Board.

The Chairmen of the MCPS and PRS for Music have also requested me to become a member of the Audit Committee and the newly formed Joint Broadcast and Online Committee.

I would like to be elected as a PRS for Music director as I would like to be able to add my experience and knowledge to PRS-specific issues raised at those Board meetings, which I'm currently not eligible to attend. MCPS and PRS Board meetings are normally held on the same day.

Most songwriters and composers are very aware of how rapidly the music industry is changing. The role of PRS for Music and the MCPS has become crucial in protecting and managing your rights in this current climate. During the last year the Joint Board of MCPS and PRS for Music has had to deal with some very tough issues on behalf of its membership and it has relied on expert views and opinions to formulate the best way forward.

It is imperative that the mix and makeup of the PRS Board continues to reflect the real world of the current music industry. A broad and balanced mix of Board members will empower PRS for Music. This will enable it to continue to draw on this wealth of knowledge in shaping PRS for Music as it moves forward, maintaining and developing new revenue streams for its members.

I am also a director on the Board of the British Academy of Composers & Songwriters.

Your vote is very important so please vote.
