

## **Craig Nunn**

### **Chief Financial Officer**

Craig Nunn joined *PRS for Music* in March 2011. He has over 20 years experience of finance in large organisations, having qualified as a Chartered Accountant with Arthur Andersen and subsequently spending time working for NatWest and GlaxoSmithKline.

Before he started his working career, Craig obtained an MA from Oxford University.

Before joining *PRS for Music*, Craig was the Finance Director of Serco's Civil Government division and spent a total of 10 years in Serco, a period in which Serco quadrupled in size and entered the FSE100. Whilst at Serco, as Head of Tax and Treasury for the Group, Craig raised finance for all of Serco's acquisitions, raised Serco's first syndicated credit facility and successfully led important negotiations with HMRC.

As Finance Director for the £1.1bn Civil Government division, Craig was responsible for the commercial and financial management for the Division. Craig successfully led various negotiations and was responsible for structuring the groundbreaking partnership between Serco and Guy's and St Thomas' NHS Foundation Trust – the first of its kind. Craig also spent time as the Interim Managing Director of Serco's Home Affairs business – the UK's leading provider of outsourced custodial services.

When not working or spending time with his wife and two young sons, Craig likes to ride and maintain motorcycles, exercise and listen to new (as well as not so new) music.
