

Sports Events

Tariff 'SE' (2010.07)

Effective 1st July 2010

Applies to: Performances of copyright music* during and in connection with sports events at sports grounds (such as football, rugby and cricket matches), race tracks and stadiums (such as motor racing and athletics meetings) or any other venue where the music use is not already covered by charges made under another PRS for Music* tariff.

This tariff covers music uses consistent with activities at these events. This tariff does not apply to musical performances in certain areas of the venue at which the sports event takes place, such as social clubs, shops, cafés, restaurants, hotels, bars, or to other performances at the premises, such as concerts and similar events. Such other musical performances will be charged under one or more of PRS for Music's other tariffs as applicable.

1. Royalty rates

The rates apply to all royalties falling due from the effective date of this tariff and are shown **exclusive of VAT**.

The **higher royalty rate** (standard plus 50%) is payable for the first year of the licence where the music user **has not** obtained PRS for Music's licence before musical performances commence.

1.1	Ground music*	0.35p	0.525p
1.2	Featured build, entry and exit music*	0.875p	1.313p

Where charges are applied to an event under Sections 1.5 and 1.6, charges under Sections 1.2, 1.3 and 1.4 DO NOT apply in addition to that event.

For events where more than 25% of the running time of the programme includes featured entertainment, the event will be charged under the appropriate PRS for Music tariff.

Where a sporting occasion takes place over more than one calendar day, each separate calendar day is considered a separate sports event, for the purpose of this tariff.

2. Requirement to provide details of all featured music

In addition to the information required to calculate the tariff charges, licensees under this tariff will be required to return details of all featured music used during sports events. This includes all featured entry, build, exit and integral music and all music as part of featured entertainment (as charged for under sections 1.2, 1.3, 1.4, 1.5 and 1.6 of this tariff). This requirement does not include ground music.

This information will be collected at the end of each licence year. Licensees must provide the titles of music used, performer(s) (for recorded music only) and composer(s), writer(s) or arranger(s).

3. GENERAL CONDITIONS

This tariff should be read in conjunction with *PRS for Music's* General Conditions Applicable to Tariffs and Licences, available on request from *PRS for Music*. In the event of a conflict between this tariff and the General Conditions, the Tariff shall prevail.

4. INFLATION ADJUSTMENT

Every year on 1st July, the monetary sums in this tariff will be adjusted for inflation. The adjustment formula will apply to the standard rates, using the mean (to the nearest whole percentage point) of the percentages by which the Retail Prices Index and Average Weekly Earnings index (unadjusted) change in the year to the previous February.

February is the latest month prior to the anniversary date for which figures are likely to be published for both indices.

After application of the inflation adjustment the standard royalty rates will be rounded up to the nearest 0.025 of a penny, or in the case of charges in sections 1.7 and 1.8 to the nearest £0.50.

All royalties will be charged at the royalty rate in force at the beginning of the licence-year.

5. TERM

Tariff SE, which supersedes all previous tariffs for the same use, shall have effect from 1st August 2008 for a minimum of two years and eleven months.
