## Explanatory Notes

- [1] Indirect costs have been allocated using an activity based costing model. PRS incurs direct costs relating to mechanical licensing which have been excluded from the ATR report on the basis that mechanical collections and costs are not reported within the PRS ATR. The social and cultural deductions have been excluded from costs as shown separately in the deductions section. There are no operating and financial costs with regard to "services other than the management of rights but including social, cultural and educational services" in accordance with section 21(4)(i)(iii) of the Regulations.
- [2] Gross distributable income excludes interest and the deductions for social and cultural purposes, and is calculated as gross collections less direct and indirect costs for the reporting year. This is different to Distributed amounts which reflects the amounts distributed during the year which will include amounts collected in prior years.
- [3] The distributions reported are adjusted to include distributions relating to PRS repertoire paid directly to PRS members by joint venture partners or other Collective Management Organisations ("CMO").
- [4] Administration deductions are applied to the gross income of the Society in accordance with, and as permitted by, Rule 2(c) of PRS's Rules and Regulations: The administration deductions are expected to cover the direct cost and indirect costs of the company.
- [5] Social deductions are donated to the PRS Members' Benevolent Fund; cultural deductions are donated to the PRS Foundation, both of which are further explained in their respective Annual Reports. No deductions are made for educational purposes. In 2021, in order to meet pre-existing commitments to those charities, these deductions were taken from two sources, neither of which can be reported by type of use: (1) non-licence revenue not due to foreign societies (i.e. investment income) and, to the extent that that such investment income was insufficient to meet the commitment, from (2) PRS's own reserve fund – as per Article 58(b).
- [6] Gross Income excludes Non-Licence Revenue which does not relate to royalties received. This has been incorporated within "Other Income".
- [7] Total UK Joint Ventures represents the financial performance of International Copyright Enterprise Services Limited (ICE Services), Solar Music Rights Management Limited (Solar) and PPL PRS Ltd as reported in the Financial Statements of those companies. Gross income relates to commission or service income.
- [8] "Other Income" includes amounts received from 3rd parties in relation to the provision of services, predominantly related to mechanical rights, which have been netted off against costs as per explanatory note 1.
- [9] Amounts invoiced and collected but not yet attributed relates to amounts which were collected in the financial year but owing to the timing of their receipt had not been attributed to rightsholders by year end. On a category of use basis these amounts are offset by debit balances held by PRS for Music which have also not yet been attributed to rightsholders.
- [10] The amounts attributed but not yet distributed include amounts that have passed through the attribution or matching process but require further information or documentation to complete payment.
- [11] Delayed distributions shows the amounts held where there are objective reasons preventing distribution: i.e. data availability or completeness, distribution policy or online residuals. These amounts relate to periods >1 year and <3 years after the financial year in which such amounts were collected, and amounts relating to period < 1 year where there is a clearly identified issue.
- [12] It is the policy of PRS to not hold any non-distributable amounts as any amounts for which right holders cannot be identified/located after three years are distributed pro-rata in accordance with Rules 2(gb) and 2(gc) of PRS's Rules and Regulations, unless prior to such distribution the PRS Members' Council directs that the whole or part of such sums be applied for the purposes of supporting PRS social, cultural and/or other object specified in Article 58 of PRS's Articles of Association. The PRS Members' Council did not make such a direction in 2021 and, as a result, this report does not contain an analysis of transfers from non-distributable income to distributable.
- [13] £24.6m royalties from international territories that PRS manages itself and cable and satellite re-transmissions, which PRS administers and distributes on behalf of other societies, are not included in the 'CMO report'. These royalties are included within International gross income disclosed in the 'Part 2 -Financial Information'.
- [14] Gross Income relating to amounts received from other CMOs in the CMO report appendix, is defined as the amount received from a CMO net of the local CMO administrative deductions.
- [15] Where Net Income distributable to other CMO's in the CMO report appendix includes amounts that have been allocated to other CMO's but are not yet distributed to other CMO's, this is due to objective reasons such as the need for further information or documentation to complete payment.
- [16] Amounts paid direct by PRS to members of other CMOs. There is no administration deduction applied by PRS for these payments.
- [17] The resources used to cover costs are the income from rights management. Section 21(4)(i)(iv) of the Regulations requires disclosure of these resources. This has been interpreted as disclosing the deductions for administration, as presented on page 3.

**INDEPENDENT AUDITOR'S REPORT TO THE PERFORMING RIGHTS SOCIETY LIMITED ON THE ANNUAL TRANSPARENCY REPORT FOR THE YEAR ENDED 31 DECEMBER 2021**

**Opinion**

We have audited the accounting information referred to in paragraph (4)(a), (g), (h), (i), (j) and (k) of paragraph 21 of the Collective Management of Copyright (EU Directive) Regulations 2016 (“the Accounting Information”).

In our opinion, the Accounting Information is prepared, in all material respects, in accordance with paragraph (4)(a), (g), (h), (i), (j) and (k) of paragraph 21 of the Collective Management of Copyright (EU Directive) Regulations 2016.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) ('ISAs(UK)') including ISA (UK) 800 and ISA (UK) 805. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Accounting Information section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the Accounting Information schedule in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter – Basis of Accounting**

We draw attention to Part 1 (i) to the Accounting Information, which describes the basis of accounting as being that required by paragraph 21 of the Collective Management of Copyright (EU Directive) Regulations 2016. The Accounting Information is prepared to assist the Company to meet the requirements of those Regulations. As a result, the Accounting Information may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

**Responsibilities of the Directors**

The directors are responsible for the preparation of the Accounting Information in accordance with paragraph 21 of the Collective Management of Copyright (EU Directive) Regulations 2016, and for such internal control as directors determine is necessary to enable the preparation of the Accounting Information that is free from material misstatement, whether due to fraud or error.

**Auditor's Responsibilities for the Audit of the Accounting Information**

Our objectives are to obtain reasonable assurance about whether the Accounting Information is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Accounting Information.

A further description of our responsibilities for the audit of the Accounting Information is located on the FRC's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

**Extent to which the audit was considered capable of detecting irregularities, including fraud**

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the requirements of the Collective Management of Copyright (EU Directive) Regulations 2016, being the principal laws which govern the preparation of the Accounting Information, the nature of the portions of the Accounting Information subject to our audit and the related control environment, and reviewed the Directors' documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of irregularities.

We discussed among the audit engagement team and relevant internal specialists regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the Accounting Information.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing the disclosures within the Accounting Information by testing to supporting documentation to assess compliance with the Collective Management of Copyright (EU Directive) Regulations 2016;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management and external legal counsel concerning actual and potential litigation and claims; and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance.

**Use of our report**

This report is made solely to the Company, in accordance with the Collective Management of Copyright (EU Directive) Regulations 2016. Our audit work has been undertaken so that we might state to the Company those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company for our audit work, for this report, or for the opinions we form.
