Performing Right Online Licence (PROL)

Online performing rights cover the communication of a musical work to the public.

You will need a PROL, as well as a mechanical right licence, if you are hosting content with production music on your website (i.e. if it is not hosted on an external site such as YouTube).

Visit prsmusic.com/prsonline for more information about our licence. Alternatively please call **+44 (0)20 3741 3888**.

A PROL is valid for 12 months. Licensees need to provide a report of the musical works that have been used.

Important

Under UK law, the act of downloading, streaming and podcasting musical works and sound recordings requires two separate licences to cover two separate licensable rights:

1. The mechanical right (the copying of the musical work).
2. The performing right (the communication to the public of the musical work).

The rates on this page relate to the performing right only. For information about online mechanical rights, please refer to our [Online Production](#) rates.

Other licences

Our Production Music rates and licences cover the copying done by you, or on your behalf, in the UK of Production Music work and sound recordings into audio-visual content and (where applicable) the distribution of such content to third parties. In the case of the PROL only, they also cover the limited online communication to the public in the UK of content containing Production Music works and sound recordings. Additional licences are required for all other copyright right acts including, without limitation, any additional copying done by third parties or outside the UK and, save in relation to the limited rights granted by the PROL, any

communication to the public rights (whether exercised by you or any third party). If you are unsure about your licensing requirements, please contact the licensing team on **+44 (0)20 3741 3888**.

Miscellaneous

The rates set out in this Rate Card are subject to the full terms and conditions applicable to the each tariff which are set out in the corresponding licence or invoice and are available to view in the **Licence Manager**.

Using (or authorizing the use of) MCPS and PRS Production Music without a valid licence covering each specific use constitutes copyright infringement for which facility houses, production companies and their clients could all be liable.

Where appropriate, retrospective licences may be granted. These may be subject to significantly higher royalty fees than the standard rates.

Productions which are re-distributed with alterations are considered to be new productions and require a separate licence and payment. This applies to all rates except 'per track', 'campaign' advertisements and 'per trailer' rates. However, productions varying only in language translation do not require a separate licence to be issued or additional fee payments, provided the necessary territorial clearance has been obtained.

An administration fee of £8 will be charged for each licence issued.

Published rates are effective from 4th January 2021.
