expenditure on music related live entertainment means the total of gross salaries and gross wages plus fees, expenses or other emoluments paid to performers and gross fees (net of any VAT or equivalent) paid to third parties for the services of performers. Where performers are employed by the Licensee for other purposes in addition to performing music related live entertainment a relevant proportion of their gross salary or gross wage will be discounted in calculating expenditure on music related live entertainment.

For the purposes of section 2.6 of this tariff only, this includes individuals employed by the Licensee. Where lower berth capacity is not a conventional measure of capacity on a vessel, the maximum passenger capacity certified/allowed by the vessel operator's regulatory bodies should be declared.
